

## Analytics

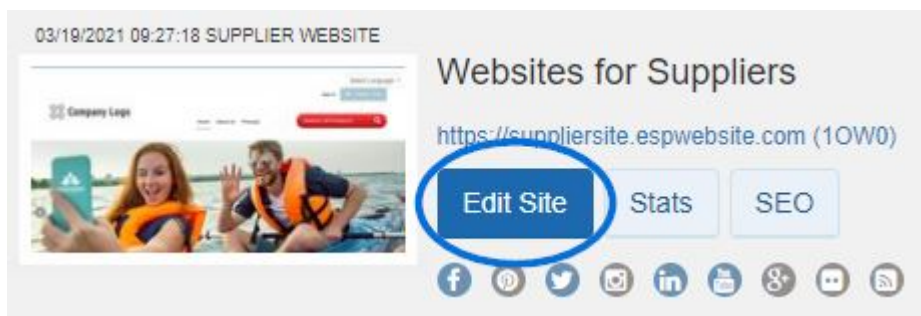

Jennifer M - 2021-01-27 - SEO and Analytics

To link your ESP Website with a [Google® Analytics](#) and/or [Google® Tag Manager](#) account, go to the Analytics section of the Website Settings.

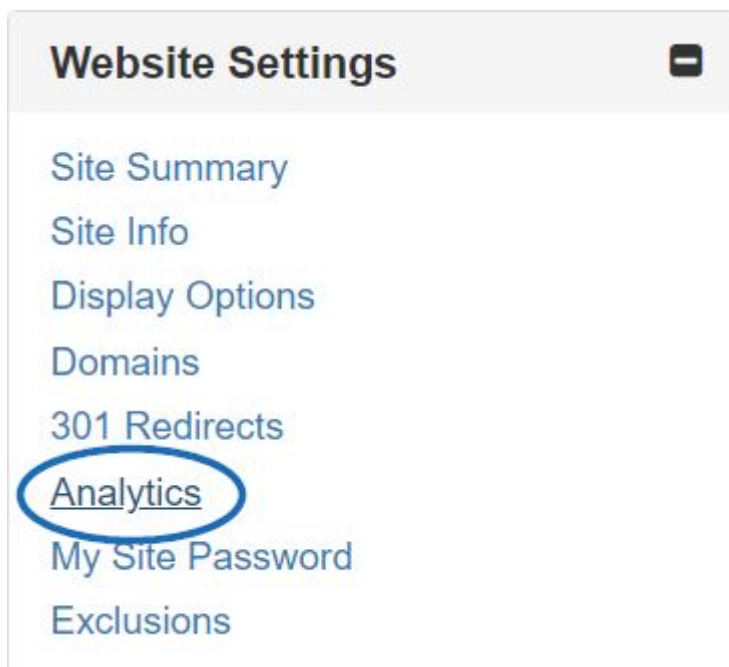

---

### How do I get to the Website Settings - Analytics section?

Log into the ESP Websites Admin and click on the Edit Site button.

From the options on the left, expand the Website Settings section and click on the Analytics option.

## Link to Google® Tag Manager Account

If you have a Google® Tag Manager account and would like to link it to your ESP Website, you can do so by checking the Enable Google Tag Manager Service checkbox and then entering the Container ID in the available box.

### Google Tag Manager

[Google Tag Manager](#) supports all tags and has easy-to-use turnkey templates for a wide range of Google and third-party tags — for web and mobile apps. Marketers can add or change their own tags as needed and a campaign can be underway with just a few clicks.

☐ Enable Google Tag Manager Service

Container ID

**Note:** If you do not have a [Google Tag Manager](#) account, you can [create one](#) for free.

Lastly, click on Save and then click on the Make Changes Live link.
